EDUCATION

M.G.M.'s College Of Engineering, Nanded	Expected 2029
B.Tech Engineering in Information Technology	
Higher Secondary Certificate (HSC) - Science	Feb 2024
Maharashtra State Board (Latur Division) • Percentage: 53.50%	
Secondary School Certificate (SSC)	Mar 2022
Maharashtra State Board (Latur Division) • Percentage: 76.60%	

TECHNICAL SKILLS

Languages: C / C++, JavaScript, HTML5, CSS3, PHP

Frontend: Tailwind CSS, UI Design

Backend & DB: Node.js, Express.js, Firebase, MongoDB, MySQL

Tools & Technologies: Git, GitHub, VS Code, Vercel, Generative AI APIs

PROJECTS & HACKATHON EXPERIENCE

VISIOTECH 2026 : UI Design using AI	Apr 17, 2026
<i>Winner at Visiotech 2026</i>	

- Designed modern and user-focused UI interfaces using AI tools, emphasizing creativity and usability.
- Excelled in rapid prototyping to produce a highly engaging user experience.

Innovative Project Showcase	Apr 16, 2026
<i>Participant</i>	

- Presented MediSync, an AI-powered healthcare solution focused on real-time patient monitoring, appointment handling, and patient-care efficiency.

MediSync – AI Healthcare Solution

Apr 4-5, 2026

Hackspectra 2.0 (24h Hackathon)

- Developed an AI-powered healthcare platform focused on real-time patient monitoring and appointment handling.
- Integrated Gemini AI for healthcare data analysis and entity extraction.
- Built the full-stack infrastructure utilizing Node.js, Express.js, Firebase, and JWT for secure authentication.

Artificial Intelligence Bootcamp

Feb 27-28, 2026

Participant

- Explored AI fundamentals, modern tools, and practical applications through hands-on learning and workshops.

CNG & EV Booking System

Jan 29, 2026

Runner-Up at HackCity 2026

- Built a smart booking platform enabling CNG and EV users to make real-time slot reservations.
- Implemented seamless station management dashboards and Google Maps API for geolocation.
- Developed utilizing PHP, MySQL, JavaScript, and styled with Tailwind CSS.
